PURPOSE AND USE

This bulletin states the payroll rules in force for each jurisdiction. Rules for New York City appear in sections numbered 1, rules for Los Angeles in sections numbered 2 and rules for Chicago in sections numbered 3. Each rule takes effect on the effective date shown with it. Where a rule shows no effective date, or a date that is not yet set, employers should contact the Division before changing payroll.

WORK LOCATION

Each rule applies according to the jurisdiction where the work is performed, not where the employer's office is or where the employee lives. For an employee who works from home, the home is the work location. For an employee who works in more than one jurisdiction in the same workweek, the employer shall pay each hour worked at no less than the minimum wage of the jurisdiction where that hour is worked.
